

# SES 7.8 CLINCHER

The SES 7.8 is the culmination of years of Smart ENVE System development and as a result is the fastest SES wheelset yet. By reducing the tradeoffs between aerodynamics, stability, weight, and stiffness, the SES 7.8 carbon fiber aero wheel is the perfect tool for road racing and triathlon alike. The SES 7.8 features the latest molded in brake track texture and is compatible with tubeless tires.
